

Man Pack 806

MODEL MP806
Total Output Power 125W

General Description

The MP806 tactical jammer was designed to neutralize Cellular & Wi-Fi communication during special unit's activity in the field. The MP806 uses state-of-the-art technology for maximum performance. The unit is controlled by a microprocessor for PLL programming.

The MP806 transmits a white noise signal which cuts off Cellular & Wi-Fi communications. The protection jamming radius can reach up to 50 meters in standard environment. The MP806 is supplied with high quality Lithium-Ion batteries and provides up to 2 hours of continuous operation. Additionally, the MP806C supplied with a special backpack case & a remote control.

Technical Specifications

RF Characteristics	
Output Power	125W (25W per Band)
Internal Modulation	FM Hopping frequency + White Noise
Signal Source	PLL synthesized
Power Supply	25.9VDC/27AH Li-Ion Rechargeable Battery
Modules Per Unit	5
Remote Control	2m Wired
Antenna	External Omni-Directional
Jamming Frequency Range	
Frequency Band	According to customer requirements
Air Interface standards	Digital: 2/3/4G, WiFi, WiMax
Physical Data	
Dimensions	45 x 29 x 10.5 cm
Weight	Approx. 12.5Kg
Environment of operation	
Operating Temp	-20°C - +65°C
Humidity	Up to 95%
Mil Spec Standard	MIL- STD- 810F
